30-Day Comment Period

Title: IT Procurement Review Policy

Notes to Readers:

1. The following document is a draft document under review by the Technical Panel of the Nebraska Information Technology Commission (NITC). This document is posted at <http://nitc.ne.gov/standards/comment/>.
2. If you have comments on this document, you can submit them by email to rick.becker@nebraska.gov, or call 402-471-7984 for more information on submitting comments.
3. The comment period for this document ends on February 8, 2008.
4. The Technical Panel will consider this document and any comments received at a public meeting following the comment period, currently scheduled for February 12, 2008. Information about this meeting will be posted on the NITC website at <http://nitc.ne.gov/>.

State of Nebraska
Nebraska Information Technology Commission
Standards and Guidelines

NITC 01-204 (Draft)

Title	IT Procurement Review Policy
Category	General Provisions
Applicability	Applies to all state agencies, boards, and commissions, excluding the University of Nebraska

1. Policy

By statute, certain state agency purchases of communications equipment and information management items require the approval of the Office of the Chief Information Officer (OCIO). This policy provides guidance to agencies for

compliance with these statutory requirements.

1.1 Criteria for Reviews of Information Technology Equipment, Software, and Services

- 1.1.1** Does the procurement comply with NITC standards and enterprise architecture?
- 1.1.2** Does the procurement avoid unnecessary duplication of expenditures?
- 1.1.3** Does the procurement address opportunities for collaboration or data sharing, if applicable?
- 1.1.4** Does the procurement represent the right technology for the job?
- 1.1.5** Does the procurement require skills or resources that exceed the capability of the agency to provide or acquire?

1.2 Information for Reviews

- 1.2.1** Documentation for purchase requisitions and purchase orders in NIS (document types ON and 06)
 - Agencies should attach sufficient information in NIS that allows the reviewer to determine what is being purchased, the purpose being served, total cost, and a contact for additional information. This information can be provided as either a text note or an attachment to the header in NIS. In addition, the following types of documents are helpful, if available:
 - Bill of materiel from the vendor
 - Quotation from the vendor
- 1.2.2** Documentation for Competitive Solicitations (request for proposals, requests for information, invitations to bid)
 - Agencies should provide a draft copy to the OCIO of the solicitation (RFP, RFI, ITB) at least 30 days prior to its planned release.
- 1.2.3** Documentation for Sole Source Requests / Requests for Deviation from the Competitive Process
 - Agencies should document the reasons for not following the competitive process.

1.3 Approval Timelines

- 1.3.1** Routine purchases recorded in NIS (using document types ON and 06), such as PCs, laptops, printers, and low cost items will be reviewed and acted upon within one workday.
- 1.3.2** Procurement requests that are more complex will be reviewed and acted upon within 3 workdays. The action may be a request for clarification or additional information. The goal is to resolve all issues and provide a final action within 10 workdays, excluding the time an agency requires to respond to requests for additional information.
- 1.3.3** Reviews of major solicitations (RFPs, RFIs, ITBs) will be reviewed and acted upon within 7 workdays. The action may be a request for clarification or additional information. The goal is

to resolve all issues and provide a final action within 12 workdays, excluding the time an agency requires to respond to requests for additional information.

1.4 List of Preapproved Items for Purchase

1.4.1 For the purpose of procurement reviews pursuant to Neb. Rev. Stat. §§ 81-1117, 81-1120.17 and 81-1120.20, the Office of the CIO will maintain a list of preapproved items for purchase by agencies. The list will identify communications equipment and information management items that by their nature are low cost and pose little risk of violating the criteria established in Section 1.1. The list may also designate certain items as not requiring a review because the primary purpose of the items is other than information management. Agencies have prior approval to purchase items on this list.

1.4.2 The list described in this section will appear in Attachment "A" to this document. The Technical Panel may approve revisions to Attachment "A" as requested.

2. Purpose and Objectives

2.1 Statutory Requirements

2.1.1 Communications Equipment

Section 81-1120.17 requires the Division of Communications to "(1) coordinate the purchase, lease, and use of communications services equipment and facilities for state government."

Subsections 4 and 5 require DOC to consolidate and integrate radio communications systems and services, consolidate telephone and telephone-related activities, to provide for joint use of communications services, and to "approve all purchases and contracts for such communications activities." Section 81-1120.20 requires state agencies to "coordinate all communications services or facilities procurement through the Director of Communications."

2.1.2 All Other Information Management Items

Section 81-1117(2)(e) states that "No state agency shall hire, purchase, lease, or rent any information management item listed in subsection (a) of this section without the written approval of the information management services administrator."

2.2 Objectives

The procurement review process should serve the following objectives established in statute:

2.2.1 "Substantial economies can be effected by joint use of a consolidated communications system by departments, agencies, and subdivisions of state government." [Section 81-1120.01]

2.2.2 "To coordinate the purchase, lease, and use of communications services equipment and facilities for state

government.” [Section 81-1120.17(1)]

2.2.3 “To advise departments and agencies of the state and political subdivisions thereof as to systems or methods to be used to meet requirements efficiently and effectively.” [Section 81-1120.17(2)]

2.2.4 “To prevent unnecessary duplication of information management operations and applications in state government.” [Section 81-1116.02]

2.2.5 “To assure the most cost-effective use of state appropriations” ... and “To coordinate the state’s investments in information technology in an efficient and expeditious manner.” [Section 86-513]

2.2.6 To “adopt minimum technical standards, guidelines, and architectures...” [Section 86-516(6)]

2.2.7 To “coordinate efforts among other noneducation state government technology agencies and coordinating bodies.” [Section 86-520(4)]

2.2.8 To “work with each governmental department and noneducation state agency to evaluate and act upon opportunities to more efficiently and effectively deliver government services through the use of information technology.” [Section 86-520(7)]

2.2.9 To “recommend ... methods for ... making information sharable and reusable, eliminating redundancy of data and programs, improving the quality and usefulness of data, and improving access to data...” [Section 86-520(8)]

2.2.10 To “aggregate demand, reduce costs ... and encourage collaboration between communities of interest” [Section 86-524(1)(c)]

2.2.11 To “encourage competition among technology and service providers.” [Section 86-524(1)(c)]

2.2.12 To coordinate the state’s investments in information technology in an efficient and expeditious manner ... and avoid “cumbersome regulations or bureaucracy.” [Section 86-515]

3. Definitions

3.1 Communications

Section 81-1120.02 includes the following definitions:

“(3) Communications system shall mean the total communications facilities and equipment owned, leased, or used by all departments, agencies, and subdivisions of state government; and

(4) Communications shall mean any transmission, emission, or reception of signs, signals, writing, images, and sounds or intelligence of any nature by wire, radio, optical, or other electromagnetic systems.”

3.2 Information Management Item

Pursuant to Section 81-1117(1), “information management item” includes but is not limited to: (a) Computer equipment; (b) Peripheral devices (such as data input, data output, data storage, or data communications); (c)

Computer code, programs or operating systems; and (d) Service contracts for information technology.

Office of the CIO

List of Preapproved Items for Purchase

For the purpose of procurement reviews conducted pursuant to NEB. REV. STAT. §§ 81-1117, 81-1120.17 and 81-1120.20, the following items are preapproved for purchase by agencies:

1. Cables for connecting computer components
2. Power Cords / Adapters
3. Extender Cables for Keyboards / Mice
4. KVM (Keyboard - Video - Mouse) Switches
5. USB / PS2 Connectors
6. Memory Chips
7. Laptop Batteries
8. UPS (Uninterruptible Power Supply)
9. Keyboards
10. Mice
11. Speakers
12. Monitors that are ordered without a system
13. Smart Board Overlays
14. Projectors and Projector Lamps
15. Desktop Printers
16. Printer Toner and Ink
17. Desktop Scanners
18. Small Label Printers
19. Blank CDs or DVDs
20. Blank Tapes
21. Digital Voice Recorders
22. Flash Drives
23. Software Books
24. Training CDs or DVDs
25. Logic boards and computers that are integral parts of equipment that serves a primary purpose other than information management, including digital cameras, lab equipment, and motor vehicles.
